[45 IAC 16-1.5-10](#) Discovery

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#); [IC 8-2.1-24](#)

Sec. 10. (a) Parties may obtain discovery regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things. It is not grounds for objection that the information sought will be inadmissible at the hearing if the information sought appears reasonably calculated to lead to the discovery of

admissible evidence.

(b) All discovery requests shall be made in writing and served upon all parties. Discovery may be conducted without filing such requests with the ~~commission~~ **department**.

(c) Parties against whom discovery is directed are subject to the following conditions:

~~(e)(4)~~ **(1)** Any party against whom discovery is directed shall satisfy the request within **thirty** (30) days following receipt thereof or reach an agreement with the requesting party as to the nature, scope, and time schedule for the requested discovery. An evasive or incomplete answer, if made in bad faith, shall be considered a failure to answer.

(2) Any party against whom discovery is directed may object to a discovery request. The objection must be made in writing and specifically enumerate which items of the discovery request are objectionable and why. Any objection to a discovery request shall be made within ten (10) days of receipt of the request or such objection shall be deemed waived.

(3) If a party against whom discovery is directed fails to satisfy the request within the required or agreed time schedule or objects to the discovery request, the party seeking discovery may file with the ~~commission~~ **department** a written motion to compel discovery attaching a copy of the discovery request and any objections and setting forth the reasons why such discovery shall be filed within seven (7) days following receipt of service of the motion, unless the presiding officer shall prescribe a different time. Any reply to responses shall be filed within five (5) days of receipt of service of the response, unless the presiding officer shall prescribe a different time.

(4) The party against whom discovery is directed may file a motion for protective order seeking protection from unduly burdensome, oppressive, or unreasonably duplicative discovery or seeking to establish reasonable guidelines for the discovery sought.

(5) In order to serve the public interest and expedite the discovery process, the presiding officer, with or without motion, may call an informal attorneys' conference to be conducted off the record of the proceeding, for the purpose of discussing, hearing argument on, and resolving discovery disputes. The presiding officer shall have authority to participate in the discussions and assist the parties in resolving discovery disputes. The rulings of the presiding officer made at such conference shall be reduced to writing in the form of a docket entry and shall be binding upon all the parties.

(d) A party who has responded to a request for discovery with a response ~~which~~ **that** was complete when made is under no duty to supplement his ~~or her~~ response to include information thereafter acquired unless that party later learns that his ~~or her~~ response is incorrect, in which case such party is under a duty to reasonably correct the response.

(e) Protestants should make every attempt to properly coordinate discovery so as to avoid duplication. Accordingly, all requests for discovery shall be served upon all parties to a proceeding. In addition, all responses made to discovery requests shall be served upon all of the parties to the proceeding. In the event that requests for discovery nonetheless become overly duplicative, the responding party may consolidate answers so as to avoid unnecessary duplication. However, the responding party is still under the obligation to adequately respond in good faith to the substance of all of the requests of each of the parties to the proceeding.

(f) In accordance with Rule 28(F) of the Indiana Rules of Trial Procedure, any situation not specifically addressed by this section shall be governed by Rules 26 through 37 inclusive of the Indiana Rules of Trial Procedure, insofar as said Rules do not conflict with the provisions of ~~IC 8-1-2-29~~ **IC 8-2.1-22-23** and **IC 8-2.1-22-24**.

Replies may be made orally during hearings or if made in writing, shall be filed with the ~~commission~~ **department** within seven (7) days after the date of receipt of service of that response, unless the presiding officer shall prescribe a different time.

(e) The presiding officer is authorized to rule and shall rule upon any motion not formally acted upon by the ~~commission~~ **department** prior to the commencement of the hearing where immediate ruling is essential in order to proceed with the hearing, and upon any motion filed or made after the commencement of the hearing and prior to the submission of a decision in the proceeding. The presiding officer by initial decision may render a final determination with regard to any motion prior to the termination of hearing including a question of jurisdiction, the establishment of a prima facie case, or standing. Motions made during the course of hearing, which if granted would otherwise dispose of a party's rights, should be acted upon by the presiding officer prior to taking further testimony if, in the opinion of the presiding officer, such action is warranted.

[45 IAC 16-1.5-13](#) Hearing procedure

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22-13](#); [IC 8-2.1-22-17](#)

Sec. 13. (a) Hearings will be conducted by **an administrative law judge or hearing officer of the** ~~commission, a commissioner, or administrative law judge.~~ **department.**

(b) The presiding officer ~~before whom the hearing is held~~ shall ~~cause to be entered~~ **enter** upon the record all appearances, with a notation ~~in~~ **on** whose behalf each appearance is made.

(c) In hearings upon applications, formal complaints, or petitions, the applicant, complainant, petitioner, or other party having the burden of proof, as the case may be, shall open and close, unless otherwise directed by the presiding officer. In hearings on investigations and in proceedings which have been consolidated for hearing, the presiding officer may direct who shall open and close. However, in proceedings where the evidence is peculiarly within the knowledge or control of another participant, the order of presentation may be varied by the presiding officer.

(d) When objections to the admission or exclusion of evidence before ~~the commission or~~ the presiding officer are made, the grounds relied upon shall be stated briefly.

(e) The presiding officer may, during the hearing, permit a party to furnish designated exhibits after the close of the hearing with copies to all parties of record. ~~Any such exhibit~~ **All exhibits** shall be specifically described and assigned an identifying exhibit number at the time of hearing. ~~and~~ **An exhibit** may be admitted into the record of the proceeding with physical production at a later time, provided no party objects or if objected to, the presiding officer shall direct the mode of admissibility, including granting the objecting party reasonable opportunity to question the preparer of the exhibit regarding its contents. ~~Provided, however, that~~ This section in no way makes evidence admissible, which would otherwise be inadmissible.

(f) The prepared testimony of a witness for any party **does not** need ~~not~~ to be in question and answer form but must be coherently outlined in relatively short paragraphs to facilitate objections. It shall have attached any related exhibits. Unless otherwise provided by the presiding officer, an original and one (1) copy of ~~such~~ prepared testimony and exhibits must be received by the ~~commission~~ **division** and served on all parties to the proceeding at least five (5) days prior to the date of the hearing.

(g) Unless otherwise directed by the ~~commission~~ **division**, pre-filed testimony, when properly authenticated by the witness under oath or affirmation, may be transcribed into the record or marked as an exhibit. ~~Such~~ **Any** written testimony shall be subject to the same rules of admissibility and cross-examination of the sponsoring witness as if the testimony were being presented orally.

(h) Any party to a proceeding may move for an extension of time in which to pre-file testimony. However, at the discretion of the presiding officer, the hearing may be rescheduled to a later date, and the extension of time in which to pre-file such testimony fixed, to avoid undue delay and provide opportunity for all parties to properly prepare their cases. If the protestants late file their prefiled testimony without just cause, the protests shall be stricken and they shall remain in the proceeding as interested parties.

(i) Due legal notice of the initial public hearing in any proceeding having been given and published as required by law, notice of further hearing or other matters in such proceeding need not be published. The ~~commission~~ **division** may, but shall not be required to, mail written notice of such further hearings or proceedings to the attorney of record for each party.

(j) After being duly notified, any party who fails to be represented at a scheduled conference or hearing in any proceeding shall be deemed to have waived the opportunity to participate in such conference or hearing, and shall not be permitted thereafter to reopen the disposition of any matter accomplished at such conference or hearing, or to recall for further examination any witnesses who were excused unless the presiding officer determines that the failure to be represented was unavoidable and that the interests of the other participants and of the public would not be prejudiced by permitting such reopening of further examination.

(k) With the approval of the ~~commission~~ **division**, corrections or changes in the stenographic record may be made upon the written agreement of all parties of record filed with the ~~commission~~ **division** within ten (10) days after the stenographic record has been completely transcribed.

(l) Parties may obtain copies of the stenographic record from the official reporter upon payment of the appropriate charges fixed by the ~~commission~~ **division**.

Additional copies of exhibits of documentary character may be required to be furnished as the presiding officer may direct.

(f) An offer to prove may be requested when a ruling has been made holding that the witness was not competent to testify or that the evidence to be offered ~~as was~~ inadmissible. An offer to prove also may be made when the presiding officer has sustained an objection to the admission of tangible evidence. If the proper evidence is tangible, it shall be marked for identification purposes and shall constitute the offer to prove. If the proper evidence is oral testimony, the offer to prove shall consist of a summary of the evidence which counsel contends would be adduced by such testimony. The presiding officer may also request a statement of the basis for admissibility of such evidence.

[45 IAC 16-3-8](#) Supplements

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 8. SUPPLEMENTS. ~~(a) Amendments and supplements. (1) When it is desired~~ **A carrier wanting** to make changes in the rates, ratings, rules, or other provisions of a tariff, other than a loose-leaf tariff, ~~this may except as provided in paragraph (d) of this rule, be accomplished by issuing~~ **issue** a supplement to the tariff constructed generally in the same manner as is the tariff ~~which~~ **that** it supplements, ~~(a supplement must be the same size in length and width as the tariff it amends. See Rule 1(a)).~~ **in accordance with the department's written instructions.**

~~(2) The first supplement to a tariff shall be designated on the upper right hand corner of the title page as follows:~~

Supplement No. 1 to P.S.C.I. No. TR _____

~~(3) Subsequent supplements shall be numbered consecutively in like manner. Each supplement shall specify on its title page, immediately under the supplement number and P.S.C.I. number of the tariff supplemented, the publications which the supplement cancels, and shall also specify the supplements that are in effect. The statement that the supplement cancels conflicting portions of the tariff or prior supplements shall not be used; cancellations must be specific.~~

~~(4) The matter contained in each supplement shall be arranged in the same general manner and order as in the tariff which it amends and when points in a tariff are given index numbers the same index number must be assigned to the same point in all supplements to the tariff.~~

~~(b) Participating carriers; how shown in supplement. (1) A supplement shall contain either a list of carriers participating in the tariff as amended or shall state that the list of participating carriers is "as shown in tariff," or "as shown in tariff and effective supplements," to which may be added "except (here show corrections in additions to, or eliminations from the original list that are effected by that supplement)." Changes in or additions to the list of participating carriers in the tariff or previous supplements shall be listed alphabetically as provided in Rule 3(b).~~

~~(2) When a participating carrier is eliminated by supplement, such supplement must also provide for cancellation of rates in connection with that carrier. This cancellation of rates should be accomplished by amending the individual items or provisions affected or by the publication of a blanket cancellation notice specifically indicating that all rates in the tariff applying for account of the carrier are cancelled.~~

~~(c) Index to supplement. (1) A supplement of 5 or more pages must be properly indexed, and a supplement of more than 23 pages must also contain a table of contents. In view of the provision of Rule 9(e) which requires that cancellation in a supplement of a numbered item must be made under the same item number as is given to that~~

item in the tariff, and the requirement of paragraph (a) of this rule, which provides that the index number assigned to a point in a supplement must be the number assigned to that point in the tariff, the table of contents and indexes in a supplement of 5 or more pages need not contain entries which are shown in the table of contents or indexes in the tariff, provided that, in connection with the index of points of origin (or destination) the following notation shall be shown:

The index numbers of points in this supplement correspond with the index numbers of the same points shown on pages _____ to _____, inclusive, of the tariff, with the following additions and exceptions.

(2) The table of contents to such a supplement may be omitted if Rule 3(a) does not require the tariff to which the supplement is issued to contain a table of contents.

~~(d) Number of supplements effective at any time. (1) Except as otherwise authorized in these rules, tariffs of 4 pages or less may have no supplement; not more than 1 supplement may be in effect at any time to a tariff containing 5 and not more than 16 pages; not more than 2 supplements may be in effect at any time to a tariff containing 17 and not more than 80 pages; not more than 3 supplements may be in effect at any time to a tariff containing 81 and not more than 200 pages; and not more than 4 supplements may be in effect at any time to a tariff containing more than 200 pages.~~

~~(2) Except as otherwise authorized in these rules, tariffs containing 5 and not more than 12 pages may have not more than 4 pages of supplemental matter, and tariffs containing more than 12 pages may have supplemental matter aggregating not more than 33 1/3 percent of the number of pages in the tariff except that if the number of pages in the supplement which brings the volume of matter up to that authorized by this paragraph is not evenly divisible by 4, it may exceed the volume authorized to the extent necessary to bring the number of pages of such supplement to the next multiple of 4. The smallest of 3 effective supplements to a tariff of more than 80 but not more than 200 pages shall contain not more than 8 pages, and the smallest of 4 effective supplements to a tariff of more than 200 pages shall contain not more than 16 pages.~~

~~(e) Additional supplement to establish rates, under rule or order of Commission. (1) Except in the case of loose-leaf tariffs and tariffs containing less than 13 pages, one additional supplement may be issued to any tariff without regard to the requirements of paragraph (d) of this rule for the purpose of establishing rates, classifications, rules and other provisions in compliance with a decision or order of the Commission in a formal case. Only one such supplement may be in effect at any time and may contain no other matter.~~

~~(2) If the volume of supplemental matter is not exceeded by the issuance of such additional supplement it shall bear on its title page the following notation in addition to showing reference to the opinion, or order, as the case may be:~~

~~This supplement is issued under authority of Rule 6(e), of these regulations, and will be included in and cancelled by the next regular supplement filed to this tariff.~~

~~(3) The next regular supplement filed shall bring the number of effective supplements within the requirements of paragraph (d) of this rule.~~

~~(4) If the volume of supplemental matter is exceeded by the issuance of the additional supplement authorized by this section, the next regular supplement filed shall bring the volume of supplemental matter with the requirements of paragraph (d) of this rule, and, further, the volume of supplemental matter shall be brought within the requirements of that paragraph by the issuance of a new supplement filed within 120 days from the effective date of the additional supplement, or a new issue of the tariff shall be filed within that period.~~

~~(5) Such additional supplement, in addition to showing reference to the opinion or order as the case may be, shall bear on its title page a notation in substantially the following form: This supplement is issued under authority of Rule 6(e). It will be cancelled by a new supplement or the tariff will be reissued, the new supplement or tariff to be filed on or before (here name a date which will observe the period of time provided above).~~

~~(f) Supplement to tariff that is filed and not yet effective. (1) In an instance where a tariff is filed on statutory notice cancelling another tariff and it is desired to issue a supplement to the tariff to be cancelled, effective prior to the effective date of the new tariff, a supplement may be issued which makes the same changes in or additions to~~

both tariffs and which is indicated as a supplement to both the tariff to be cancelled and the cancelling tariff (being given supplement numbers running in proper sequence to both P.S.C.I. numbers). In other words, such a supplement shall be numbered and treated as a supplement both to the old and new tariffs and shall be filed and posted as such. The matter contained in such a supplement shall be confined to additions or to changes in rates or provisions which were brought forward in the new tariff without change. It is not required that the provisions of paragraph (d) of this rule be observed in connection with such a supplement to the old tariff, but only one such supplement may be in effect at any time.

(2) If the matter to be changed is not arranged or numbered in the same way in both tariffs the changed provision shall be shown in the proper manner to indicate the change made in the old tariff and also to indicate the change in the new tariff. For example, if the changed provision is indicated as Item 40-B in the old tariff and as Item 50 in the new tariff, the amended provision shall be shown as follows:

Item 40-C Cancels Item 40-B of P.S.C.I. NO. TR _____.

Item 50-A Cancels Item 50 of P.S.C.I. NO. TR _____.

(3) Rates or other provisions may be changed upon lawful notice by supplement effective on or after the general effective date of the tariff supplemented, provided the matter amended has been in effect for 30 days or more either in the supplemented issue or in a former issue. Where such matter was in effect in a former issue, a notation in connection with the revised matter, shall show that it has been in effect 30 days or more. Example: "Item 40-A Cancels Item 40. Item 40 effective _____, brought forward without change from Item No. _____ of P.S.C.I. No. TR _____ (former issue)." Rates or provisions which effect changes in rates or provisions not contained in either the former tariff or a reissue thereof may be established upon lawful notice by supplement to such new tariff, effective not earlier than the general effective date of the tariff, by showing in the following manner, in connection with the new rates or provisions that the rates or provisions previously applicable have been in effect 30 days or more in a different issue. Example: "Addition. Changes class rates which became effective _____ in P.S.C.I. No. TR _____." Unless the provisions of this paragraph are complied with no supplement to a tariff that has been filed and has not become effective may be issued to become effective within 30 days from the effective date of the tariff without special permission.

(4) This rule does not waive the requirements of Rule 18.

SECTION 37. [45 IAC 16-3-9](#) IS AMENDED TO READ AS FOLLOWS:

[45 IAC 16-3-9](#) Amendments

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 9. AMENDMENTS. (a) ~~How made.~~ (1) Any change in or addition to a tariff shall be known as an "amendment". Amendment **Amendments** of a bound tariff shall be made by reissue of the tariff or by issue of a supplement as provided in Rule 6 **section 8 of this rule and the department's instructions**. Amendment of a loose-leaf tariff shall be made by reissue of the tariff or of a page or pages as provided in paragraph (f) of this rule. (See also Rule 10(g) and Rule 17.) **in accordance with the department's instructions.**

(2) When an amendment is made in a numbered item or other unit in a supplement, such item or other unit shall be published in the supplement in its entirety as amended. When rates or other provisions are published in numbered items, cancellation shall be made as prescribed in Rule 9(e). When rates or rules are published in numbered units other than items, the supplement changing the rates or other provisions shall specifically provide for the cancellation of such matter by reference to the page of the tariff and number of the rule or other unit which it cancels. Numbered units other than items shall not be given suffix letters when amended. When such a change is made in matter previously published in a supplement in a numbered unit other than an item, the new supplement shall also give reference by number to the previous supplement.

(3) In any instance where matter is not published in a numbered unit, the changed provision shall be published in the supplement in its entirety and reference shall be made to the page or pages of the tariff on which the matter to be cancelled is shown clearly indicating the matter which is cancelled. If the matter to be amended has been amended by a previous supplement, specific cancellation shall be made of the corresponding matter in the "tariff as amended" and specific reference shall be made by number to the page or pages of the previous supplement containing the matter to be changed, and, when corresponding matter originally was effective in the tariff, to the page or pages of the tariff formerly containing the matter amended.

(b) Changes indicated (1) All tariff publications shall indicate changes made in existing rates, charges, classifications, rules or other provisions by use of the following uniform symbols in connection with such change:

or (R) to denote reductions:

◆ or (A) to denote increases:

▲ or (C) to denote changes in wording which result in neither increases nor reductions in charges.

(2) Explanation of such symbols shall be provided (see Rule 3(e)) in the publication in which they are used, and these symbols shall not be used for any other purpose.

(3) When a change of the same character is made in all or in substantially all rates in a tariff or supplement, or a page thereof, that fact and the nature of such change may be indicated in distinctive type at the top of the title page of such issue, or at the top of each page as the case may be, in the following manner: "All rates in this issue are increases"; or "All rates on this page are reductions"; or there may be added, when appropriate, "except as otherwise provided in connection with particular rates." In complying with this paragraph a bold-faced dot "•" shall be used to symbolize a rate or other provision in which no change has been made and the proper symbol shall be used for the purpose of denoting any other change not indicated by the general statement referred to above.

(c) Omissions from previous tariff. When a tariff or supplement cancelling a previous issue omits points of origin or destination, routes, ratings, rules or other provisions contained in the previous issue, the new tariff or supplement shall indicate the cancellation in the manner prescribed in paragraph (a) of this rule, and if such omission effects changes in charges or services that fact shall be indicated by the use of the uniform symbols prescribed in paragraph (b) of this rule.

(d) Notation; matter (part) established on short notice. Every publication which consists partly but not wholly of matter established upon less than statutory notice shall show in connection with each change made effective on less than statutory notice a notation that such matter is issued on _____ days' notice under authority of (here give specific reference to the special permission, decision, order, rule, or other authority).

(e) Reissued matter. (1) Matter brought forward without change from a tariff which has not been in effect 30 days, also matter brought forward without change from one supplement to another, must be designated "Reissued" in distinctive type and must show the original effective date and the number of the supplement or tariff from which it is reissued, or must be uniformly indicated by the letter in a square when reissued from another tariff or from a supplement to another tariff and by numerals, commencing with 1, in squares when reissued from a prior supplement to the same tariff, printed in distinctive type and shown in a conspicuous manner, and the explanation thereof must be made in the tariff or supplement in which the symbols are used. Example: "Reissued from P.S.C.I. No. TR _____ (or Supplement No. _____, to P.S.C.I. No. TR _____), effective _____, (date upon which item became effective in former tariff, or supplement to another tariff)." "[1] Reissued from Supplement No. 1, effective _____," and so on numerically, the figures of the symbols representing the number of the supplement to the same tariff from which the reissued item is brought forward. If items in a tariff or supplement are made effective on dates other than the general effective date shown on the title page, reissue of such items may be indicated in later publications by showing a letter suffix or other symbol in connection with, and as a part of, the letter or the numerals in squares as herein authorized. If the reissued items have become effective in a supplement to another tariff, the P.S.C.I. number of that tariff shall also be given.

(2) The letter in a square and numerals commencing with in a square shall not be used as reference marks or symbols for any other purpose in any tariff or supplement.

(f) Loose leaf tariffs. (1) Amendment of loose leaf tariffs shall be made by reprinting the page upon which a change or addition is made, and such changed page shall be designated as a revised page. For example, "First

Revised Page 1 Cancels Original Page 1", or "Second Revised Page 2 Cancels First Revised Page 2", etc. When a revised title page is issued, the following notation shall be shown in connection with and immediately under the effective date:

Original tariff effective (here show effective date of the original tariff).

(2) If, on account of expansion of matter on any page, it becomes necessary to add an additional page in order to take care of the additional matter, such additional page (except when it follows the final page) shall be given the same number with a letter suffix; for example, "Original page 4 A", "Original page 4 B", etc. If it is necessary to change matter on Original Page 4 A, it may be done by issuing First Revised Page 4 A, which shall indicate the cancellation of Original Page 4 A.

(3) When a revised page is issued which omits rates, rules, or other provisions previously published on the page which it cancels, and such rates, rules or provisions are published on a different page, the revised page shall make specific reference to the page on which the rates, rules, or provisions will be found and the page to which reference is so made shall contain the following notation in connection with such rates, rules or other provisions, etc.:

For (here insert rates, rules, other provisions, etc., as case may be) in effect prior to the effective date hereof, see Page _____. Subsequently revised pages of the same number shall omit this notation insofar as this particular matter is concerned.

(4) If, after a loose-leaf tariff has been filed with the Commission, it is desired to file additional pages at the end of the tariff they shall be numbered consecutively with the last page of the tariff, and shall be designated as original pages. For example, when the tariff as filed has 150 pages, page 151 when filed shall not be designated as an "additional" page but shall be designated as "Original Page 151." Such a page may be filed only for the purpose of adding new provisions which do not change the rates, rules, or provisions on other pages of the tariff.

(5) One of the following methods shall be used in identifying and checking revised pages filed for the purpose of amending loose-leaf tariffs:

(i) When the original tariff is filed, the page next to the title page shall be designated as "check sheet" which shall show the number of pages contained in the tariff. When pages of the tariff are revised or when new pages are added, the check sheet shall be correspondingly revised to include the amended and added pages. The revised check sheet listing the added or revised pages shall accompany such pages when forwarded to the Commission for filing; or

(ii) Instead of a revised check sheet issued each time revised pages are filed, such revised pages may show, in the lower lefthand corner, correction numbers running in consecutive order beginning with No. 1, all revised pages issued and filed at the same time being given the same correction number. If this method is adopted, a permanent check sheet containing in numerical order a list of correction numbers beginning with No. 1 shall be filed with the original tariff in order to permit the checking of correction numbers on this sheet and thus to maintain a permanent record by number of all corrections received.

(6) Changes shall be indicated as required by paragraph (b) of this rule. Items which have been in effect 30 days or more need not be shown as reissued items on revised pages but may be republished as effective on 30 days' notice. Items which have not been in effect 30 days when brought forward on revised pages shall be shown as reissued in the manner prescribed in paragraphs (c) of this rule.

(7) When protective covers for loose-leaf tariffs are used, only such information should appear thereon as will remain constant and in use during the life of the tariffs.

(8) Supplements shall not be issued to loose-leaf tariffs, except for the purposes authorized by Rule 10 and Rule 17.

(Department of State Revenue; No. 33034: Common Carrier Freight Tariffs and Classifications PT A, Rule 7; filed Feb 15, 1973, 3:00 p.m.; Rules and Regs. 1974, p. 476) NOTE: Transferred from the Indiana Utility Regulatory Commission ([170 IAC 2-3-9](#)) to the Department of State Revenue ([45 IAC 16-3-9](#)) by P.L. 72-1988, SECTION 12, effective July 1, 1988.

SECTION 38. [45 IAC 16-3-10](#) IS AMENDED TO READ AS FOLLOWS:

45 IAC 16-3-10 Sectional tariffs; alternative use of rates

Authority: IC 8-2.1-22-3

Affected: IC 8-2.1-22

Sec. 10. ~~SECTIONAL TARIFFS. (a) Alternative use of rates in sectional tariffs. (1) The alternative use of rates may be provided by publishing such rates in different sections of the same tariff. The first page of each section, which shall be known as the title page of the section, shall contain the number of the section and the application of the rates published in that section. The title page of each section containing alternating rates shall also contain the following rule: in accordance with the department's instructions.~~

~~If the charge accruing under section _____ or _____ of this tariff is lower than the charge accruing under this section on the same shipment over the same route, the charge accruing under section _____ or _____ whichever is lower, will apply.~~

~~(2) Each succeeding page of the section shall also bear the section number. Unnecessary alternation of rates must be avoided by checking the rates in one section against those in other sections and omitting rates which would clearly result in charges higher than those in other sections. Alternating reference should not be given to another section unless the section actually contains rates which alternate.~~

~~(b) Nonalternating section. (1) Each commodity tariff arranged in sections for alternative use shall contain a nonalternating section and each class and commodity tariff similarly arranged for alternative use shall contain a commodity section which does not alternate with other sections of the tariff.~~

~~(2) When an exclusive commodity tariff is issued under authority of this section, Section 1 of the tariff shall not have alternative application with other sections. In the portion of the tariff containing rules, under the heading "Application of Rates," the following shall appear:~~

~~The rates in Section 1 are specific commodity rates and do not alternate with rates in other sections of the tariff. See application of that section.~~

~~(3) The title page of Section 1 shall contain the following notation:~~

~~When rates are published in this section on the commodity transported from point of origin to destination, rates named in this section will apply regardless of rates between the same points over the same routes, published in other sections.~~

~~(4) The title page of each other section containing commodity rates shall contain the following notation preceding that prescribed in paragraph (a) of this rule:~~

~~When rates are published in Section 1, the rates named in this section on the same commodity from and to the same points over the same route, will not apply.~~

~~(c) Position of sections. (1) When both class and commodity rates are published in separate sections of a tariff, under authority of this section, the class rates shall be published in a section preceding the commodity sections. Commodity rates which do not alternate with the rates in other sections shall be published in the first commodity section. Under the heading of "Application of Rates," in the rules portion of the tariff, the following notation shall appear:~~

~~The rates in Section 2 are specific commodity rates and do not alternate with rates in other sections of the tariff. See application of that section.~~

~~(2) The title page of the nonalternating commodity section shall contain the following notation:~~

~~When rates are published in this section on the commodity transported from point of origin to destination, rates named in the section will apply regardless of rates between the same points, over the same routes, published in other sections.~~

~~(3) The title page of each section containing commodity rates shall also contain the following notation preceding that prescribed in paragraph (a) of this rule:~~

~~Where rates are published in Section 2, the rates named in this section on the same commodity from and to the same points, over the same route, will not apply.~~

(d) Restrictions, publication of alternating rates. (1) Publication of alternative rates in different sections, of a tariff, is subject to the following restrictions:

- (i) Only one alternation of class rates against class rates may be provided, and not more than two alternating sections of commodity rates, which may alternate with each other, will be permitted.
- (ii) Rates published in another tariff may not be reproduced for alternative purposes;
- (iii) One section of a tariff may not alternate with more than three other sections;
- (iv) Except as otherwise authorized in Rule 4(f), a rate in one section may not alternate with a rate in the same section; and
- (v) Alternating sections may not be subdivided.

(2) A tariff which, as originally filed, does not contain alternating sections may not be changed into one with alternating sections except by reissue; nor may another section be added by supplement to a tariff already containing alternating sections.

(Department of State Revenue; No. 33034: Common Carrier Freight Tariffs and Classifications PT A, Rule 8; filed Feb 15, 1973, 3:00 p.m.: Rules and Regs. 1974, p. 479) NOTE: Transferred from the Indiana Utility Regulatory Commission ([170 IAC 2-3-10](#)) to the Department of State Revenue ([45 IAC 16-3-10](#)) by P.L.72-1988, SECTION 12, effective July 1, 1988.

SECTION 39. [45 IAC 16-3-11](#) IS AMENDED TO READ AS FOLLOWS:

[45 IAC 16-3-11](#) Partial cancellation of tariff; transfer of rates; item adjustment

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 11. TRANSFER OF RATES; ITEM ADJUSTMENT. (a) Transfer of rates from one tariff to another. If a tariff or supplement to a tariff or a revised page is issued which ~~that~~ cancels another tariff in part only, ~~such the~~ tariff, supplement, or revised page shall specifically state the portion of ~~such the~~ other tariff which ~~that~~ is thereby cancelled, and **canceled**. The tariff to be cancelled **canceled** in part shall at the same time **also** be correspondingly amended **at that time, and** effective on the same date, in the regular way; that is, **in the following manner:**

- (1) by reissue if ~~the~~ tariff contains four (4) pages or less;
- (2) by reissue or supplement if ~~the~~ tariff contains more than four (4) pages; and or
- (3) by revised pages if ~~the~~ tariff is a loose-leaf tariff. ~~Such~~

(b) **The** reissue, supplement, or revised page of the tariff ~~canceled~~ **canceled** in part shall state where rates will thereafter **now** be found and shall be filed at the same time and in connection with the tariff or supplement which ~~that~~ contains the new rates. Cancellation notice on the title page of the new issue shall read substantially as follows: "Cancels P.S.C.I. No. TR _____, to the extent shown in Supplement No. _____ thereto." **and shall contain such other information as the department requires in its instructions.**

(b) Cancellation when tariff reissued. (1) If a tariff is cancelled in full by another tariff, cancellation notice may be printed in the cancelling tariff as provided in Rule 2(a)(1), or the cancellation may be accomplished by issuing a supplement to the tariff to be cancelled. When a rate is cancelled by a supplement under this rule, such supplement shall refer to the P.S.C.I. number of the tariff in which the rates or other provisions will thereafter be found. The new issue and the cancellation supplement shall be made effective on the same date, and the new issue shall contain a cancellation notice reading substantially as follows: "Cancels P.S.C.I. No. TR _____, to the extent shown in Supplement No. _____ thereto."

(2) When a tariff is cancelled in full by another tariff which does not contain all of the rates superseding those formerly in the cancelled tariff, the cancelling tariff shall show where rates not appearing therein will thereafter be found, or what rates thereafter will apply. For example: "Rates formerly published in P.S.C.I. No. TR _____ and not appearing herein are published in P.S.C.I. No. Tr _____ or _____," or it may be stated that such rates are cancelled and that "Class rates will apply," or "Combination rates will apply." (See Rule 7(c)).

(3) When the rates which are not brought forward in the cancelling issue are transferred to another tariff or tariffs, such publication or publications shall show directly in connection with the rates appearing therein for the first time where such rates were formerly published, shall state that such formerly published rates were cancelled

by P.S.C.I. No. TR _____, effective _____ (here show reference to the tariff which cancelled the rates):

(4) When a tariff is cancelled in full and numerous rates are transferred to two or more other issues, cancellation of the superseded issue may be made by supplement thereto, in which event each of the superseding issues shall show the notation in paragraph (a) of this rule and the cancelling supplement shall specifically indicate the rates or provisions thereafter to be published in each of the superseding issues, and shall state that the issue supplemented thereby is cancelled in full.

(5) When a joint agency tariff is to be cancelled in full and the rates therein are to be transferred to an agency tariff not issued by the same joint agents, the cancellation shall be accomplished by supplement. The cancelling supplement shall give reference by P.S.C.I. number and the name of agent or agents to the tariff in which future rates will be found and the new tariff shall show that rates from and to the points named therein were formerly published in P.S.C.I. No. TR _____ (here show the P.S.C.I. numbers and names of agents appearing on the joint agency tariff that is cancelled by the supplement required in this paragraph).

(c) Cancellation notice must be by supplement. (1) If a tariff is cancelled with the purpose of discontinuing the rates named therein, or when, through error or omission, a tariff failed to cancel the previous issue and such previous tariff is cancelled for the purpose of perfecting the records the cancellation notice shall not be given a new P.S.C.I. number, but shall be issued as a supplement to the tariff (including loose leaf tariffs) which it is desired to cancel. In the issuance of such supplement the provisions of Rule 6(d) need not be observed.

(2) When any tariff is cancelled in whole or in part by a supplement thereto, the supplement shall show where the rates will thereafter be found or what rates will thereafter apply.

(3) A tariff cancelling more than one tariff in whole or in part shall include a brief description of such tariffs.

(d) Transfer of rates from carriers' to agents' tariff and from agents' to carriers' tariff. (1) An agent, when publishing rates in his tariffs which are to supersede the rates in his principals' tariffs, shall cancel the rates in his principals' tariffs as directed in paragraph (a) or paragraph (b) of this rule, as the case may be. When cancellation of rates in the individual issue is made by supplement thereto in pursuance to this rule, such supplement must be issued by the individual carrier.

(2) A carrier may not publish in its individual tariff rates which are to supersede the rates published in a tariff of duly authorized agent unless the tariff is accompanied by a supplement issued by the agent cancelling the rates in his tariff effective on the same date, and indicating where rates superseding those cancelled will thereafter be found.

(3) As a concurrence does not confer authority upon either a carrier or an agent to cancel tariffs of the concurring carrier, tariffs issued under concurrence may not assume to cancel tariffs of concurring carriers. Such cancellations shall be made by the carrier or agent who issued the tariff which is to be cancelled, but the tariff or supplement containing the provisions formerly published in the issue of the concurring carrier may bear a notation stating where such provisions were formerly published.

(e) Definition of items. (1) The rates, rules, regulations, or other provisions of a tariff may, for convenience, be divided into relatively small and distinct portions which may be given individual numbers and designated "Items." The numbers of items as published in an original tariff should run in regular sequence but need not be consecutive; for example, items may be numbered, 5, 10, 15, 20, etc. Only one series of item numbers may be used.

(2) When any provision contained in an item, other than those contained in a classification, is amended, the revised item showing the amended provision shall be given the same item number with a letter suffix; for example: Item 40-A Cancels Item 40; Item 40-B Cancels Item 40-A; and so on.

(3) When any rate or provision contained in an item designated by an item number is amended resulting in the cancellation of all or a portion thereof, the cancelled matter shall not be reproduced in the new item effecting the cancellation except to the extent necessary to identify the item.

(4) If an item is withdrawn in its entirety, or expires by its own terms, leaving no rates or provisions in effect in that item, a statement of the cancellation or expiration shall be brought forward in subsequent supplements as a reissued item, bearing the same item number and the appropriate letter suffix.

(5) If the matter in an item or any part thereof is transferred to another tariff or another portion of the same tariff, the original item shall be revised (being given the same number with proper letter suffix) in order to show the revised provision or, when no effective provision is continued in the item, to indicate cancellation of the item and also to show where the transferred rates or provisions will thereafter be found. For example: "Item 10-A Cancels Item 10; rates formerly appearing in Item 10, but not shown herein will be found in Item _____ (or in P.S.C.I. No. TR _____)."

(6) When provisions of an item have been eliminated by cancellation or expiration they may not be reinstated except by republication in a revised item bearing a new number or the same number with a new letter suffix, and in either case bearing a new effective date. In other words, republication of the expired or cancelled matter, except when the item is in a classification as provided in the next succeeding subparagraph of this paragraph, may be under the same item number only when the new item cancels the former item and is given the next letter suffix. For example: If the cancelled item is 40-A the new item shall read "Item 40-B Cancels Item 40-A."

(7) The items in each supplement to a classification shall be numbered consecutively, commencing with Item 1 on each page, shall cancel the item superseded and shall show where the cancelled item appears; for example: Item 6 Cancels Item 3, Page 2 of Supplement 2; Item 10 Cancels Item 1, Page 2, of classification.

(Department of State Revenue; No. 33034: Common Carrier Freight Tariffs and Classifications PT A, Rule 9; filed Feb 15, 1973, 3:00 p.m.; Rules and Regs. 1974, p. 481) NOTE: Transferred from the Indiana Utility Regulatory Commission ([170 IAC 2-3-11](#)) to the Department of State Revenue ([45 IAC 16-3-11](#)) by P.L.72-1988, SECTION 12, effective July 1, 1988.

[45 IAC 16-3-12](#) Suspension of publication

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 12. ~~SUSPENDED MATTER.~~ (a) ~~Supplement announcing suspension.~~ (1) Upon receipt of an order suspending any publication in **whole or in part**, ~~or in its entirety~~, the carrier or agent who filed such the publication shall immediately file with the ~~Commission~~ **department**, and post in accordance with ~~Rule 18~~ **section 20 of this rule and the department's published instructions**, a consecutively numbered supplement. which shall not bear an effective date, containing a notice of suspension specifically indicating the portion of the publication that is under suspension and the date to which such matter is suspended, also stating that rates and provisions under suspension may not be used during the period of suspension and giving specific reference by P.S.C.I. number or numbers to the tariff or tariffs or supplements thereto or revised pages thereof in which rates, charges, classifications, rules, or provisions respecting practices continued in effect will be found. Such supplement shall quote the portions of the order which describe the suspended matter contained in the publication, the paragraph of the order naming the date to which such matter is suspended and the paragraph prohibiting changes in the matter continued in effect during the period of suspension.

(2) Upon receipt of an order resuspending any publication in part or its entirety beyond the date to which originally suspended the carrier or agent who filed such publication shall immediately issue and file with the Commission a supplement to each suspended tariff, which shall not bear an effective date, quoting in full the resuspension order and showing on the title page thereof a statement to the effect that the provisions suspended by the original suspension order in Investigation and Suspension Docket No. _____ as indicated by Supplement No. _____ (here show the number of the supplement announcing the original suspension under the same I. and S. Docket number) are further suspended until _____ (here show the date to which the suspended matter is further suspended, as indicated in the resuspension order).

(b) ~~Reissue of suspended matter to be cancelled.~~ If, prior to **Before** the filing of the supplement announcing

suspension, ~~if a carrier or agent files a later supplement which that~~ contains as reissues the matter suspended in the previous supplement, the suspension supplement required by this section shall also specifically cancel from the later supplement ~~such the~~ reissued matter. ~~and by amendment to the title page of said later supplement It shall also eliminate the cancellation of the suspended supplement by amendment to the title page of the later supplement~~ when the latter is suspended in full, and when a supplement is suspended in part shall provide that ~~such the~~ later supplement cancels ~~such the~~ previous supplement, except portions under suspension. ~~Tardiness in filing~~ **If supplements announcing suspension are not filed in a timely manner, it may result in the rejection by the Commission department of the later supplement, which cancels the suspended matter.**

(c) ~~Reissue of effective tariff when suspended tariff is ordered cancelled.~~ (1) When the Commission department suspends an entire tariff, **the following conditions apply with regard to cancellation and reissue:**

(1) Any tariffs which would have been ~~canceled~~ **canceled** by the suspended tariff are continued in effect and will remain in force during the period of suspension or until lawfully ~~canceled~~ **canceled** or reissued. Except in the case of loose-leaf tariffs or tariffs of less than five (5) pages, supplements to tariffs ~~that are~~ continued in effect containing additions to and changes in matter not sought to be changed by the suspended tariff, may be filed without regard to the volume of supplemental matter, which the effective supplements ~~in the aggregate~~ contain **in total**. If the volume of supplemental matter permitted by ~~Rule 6(d) section 8 of this rule~~ is exceeded under authority of this ~~paragraph subsection~~ and the Commission department orders the cancellation of the suspended tariff, the volume of supplemental matter in the tariff continued in effect by such suspension shall be brought within the requirements by ~~Rule 6(d) section 8 of this rule~~ by supplement filed within **one hundred twenty (120) days**, or ~~such the~~ tariff shall be reissued within that time.

(2) Suspension of portions of a tariff or of matter contained in a supplement does not authorize **the carrier to disregard the requirements of Rule 6(d) relative section 8 of this rule and the department's instructions pertaining** to the permissible volume of supplemental matter in and the number of effective supplements to, ~~such the~~ tariff; **except that however, a supplement containing a permissible volume of supplemental matter permitted of such tariff under Rule 6(d) provided the effective matter in such the supplement is reissued and as well as the supplement itself, except the suspended portions thereof is canceled. are canceled.**

(3) ~~When a tariff (or supplement) which is suspended in part is reissued, such reissue shall cancel the tariff (or supplement) containing the suspended matter "except portions under suspension in I. and S. Docket No. _____. If a supplement is suspended in whole or in part and the tariff is thereafter reissued, the reissue shall cancel the tariff "Except portions under suspension in Supplement No. ____ (or in Item No. ____ or Supplement No. ____) in I. and S. Docket No. ____" and, if the matter continued in effect by the suspension is contained in the tariff being reissued, such matter shall be brought forward. When a tariff which is suspended in part is reissued, such reissue shall cancel the tariff containing the matter which is continued in effect by reason of the suspension when such tariff contains no other effective matter.~~

The publication requirements under this subsection shall be in accordance with the department's instructions.

(d) ~~No change may be made in suspended provisions not in provisions left in effect by reason of suspension. A suspended rate, charge, classification, rule, or provision respecting with respect to practices may not be changed or withdrawn or the effective date thereof further deferred except by order or special permission of the Commission, nor department. Further, it may not make any change be made in to a rate, charge, classification, rule, or provision respecting with respect to practices which is continued in effect as a result of such the suspension except under order or special permission of the Commission. department.~~

(e) When Commission's ~~the department's~~ order of suspension **is vacated, the following conditions apply:**

(1) ~~When Unless otherwise provided by the order, when the Commission department vacates an order of suspension effective on a date earlier than the date to which the matter is suspended, the carrier or agent who filed the suspended tariff, supplement, or revised page may file with the Commission department, and post in accordance with Rule 18 section 20 of this rule, on not less than one (1) day's notice, unless otherwise provided by the order,~~ a supplement stating the date upon which, under authority of the vacating order, the tariff, supplement, revised page, item, rate, charge, classification, rule, or provision respecting practices will become effective. Unless the supplement announcing vacation is filed naming a date earlier than the date to which it is suspended, the suspended matter will become effective on that date.

(2) When an order which suspended a tariff in its entirety is vacated, the vacating supplement, if made effective on or before the date to which the tariff is suspended, may also include as reissues, any changes or additions lawfully established in supplements to the tariff ~~which that~~ remained in effect during the period of suspension. If a new tariff is filed during the period of suspension, ~~cancelling~~ **canceling** the tariff sought to be

~~cancelled~~ **canceled** by the suspended tariff, any changes or additions published in the new tariff ~~which that~~ are not included in the suspended tariff may be included in vacating supplement as reissued matter, provided the vacating supplement also cancels such new tariff. ~~When reissued matter is published in a vacating supplement the vacating notice shall be printed in not less than 10 point type, either on the title page or immediately following indexes of points and commodities, if any.~~

(3) When a tariff containing suspended matter is ~~cancelled~~ **canceled** during the period of suspension, except portions under suspension, by a new tariff, and the ~~Commission~~ **department** vacates its suspension order in its entirety effective on a date subsequent to the effective date of the new tariff, a supplement to the new tariff effective on not less than **one** (1) day's notice republishing and establishing the suspended matter and ~~cancelling~~ **canceled** the matter ~~which that~~ was effective during the period of suspension also ~~cancelling~~ **canceled** the matter under suspension in the former issue, shall be filed and posted in accordance with ~~Rule 48~~ **section 20 of this rule**. When the ~~Commission~~ **department** vacates its suspension order effective on a date prior to the effective date of the new tariff, a vacating supplement to the old tariff should be filed and posted and a supplement to the new tariff should also be filed and posted on not less than **one** (1) day's notice, establishing therein on the effective date of such new tariff, matter ~~which that~~ was under suspension in the old tariff. A common supplement to both tariffs as authorized by ~~Rule 6(f)~~ **section 8 of this rule** may be filed and posted upon not less than **one** (1) day's notice to accomplish this purpose.

The publication requirements under this subsection shall be in accordance with the department's instructions.

~~(f) Cancellation of suspended matter. When~~ **Unless otherwise provided by the order, when the** ~~Commission~~ **department** orders the cancellation of a tariff, supplement, revised page, item, rate, charge, classification, rule, or provision ~~respecting with respect to~~ practices previously suspended by it, the cancellation shall be effected by filing with the ~~Commission~~ **department** and posting upon not less than **one** (1) day's notice, ~~unless otherwise provided by the order, a supplement stating the date upon which in accordance with the Commission's department's order said rate, charge, classification, rule, or provision respecting practices is cancelled; canceled;~~ except that, when desired, ~~such~~ cancellation may be accomplished in a new tariff ~~cancelling~~ **canceled** the tariff containing the suspended matter.

~~(g) Notation on supplement. (1) Every suspension, vacating and cancellation supplement issued under authority of this rule shall bear on its title page the following notation: "Issued under authority of Rule 10, Part A, Tariff Regulations, and in compliance with order of the Public Service Commission of Indiana, in Investigation and Suspension Docket No. _____ of _____." (Date)~~

~~(2) Such supplements will not be counted against the number of effective supplements or the volume of supplemental matter permitted under Rule 6(d) but they must list effective supplements as required by Rule 6(a).~~

~~(3)~~ **(g)** The provisions of this ~~rule~~ **section** relating to suspension, vacating, and cancellation supplements will also govern in connection with tariffs issued in loose-leaf form, except that ~~such those~~ supplements shall not contain rates, charges, classifications, rules, or provisions respecting practices. All changes made in loose-leaf tariffs shall be published on revised pages.

~~(4)~~ **(h)** Supplements issued under authority of this ~~rule~~ **section** shall contain ~~nothing except~~ **no other** matter permitted thereunder.

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 13. ~~TERMINAL AND SPECIAL SERVICES.~~ (a) ~~Terminal and special services.~~ Each carrier or its agent shall publish, post, and file tariffs ~~which that~~ shall contain in clear and explicit terms all of the rates and charges

for rules governing detention of vehicles, storage, weighing diversion, reconsignment, icing, refrigeration, heat, C.O.D. services, transit services, absorptions, allowances, and other terminal services, and all other charges and rules, which in any way increase or decrease the amount to be paid on any shipment, or which increase or decrease the value of the service to the shipper. Tariffs authorizing ~~such~~ **these** services or providing charges therefor, **for these services** shall clearly show their application. **The publication requirements shall be in accordance with the department's instructions.**

~~(b) Method of publication. The performance of special services and the charges therefor, in addition to those based on line-haul rates lawfully on file with the Commission, shall be provided for in one of the following three ways:~~

- ~~(1) By including in the tariff which contains the rates on which charges are based the specific authority for the extra service, the rules under which such extra service is to be performed, and the charge, if any, for the service;~~
- ~~(2) by specific reference, in the tariff which contains the rates on which charges are based, to the P.S.C.I. number of a separate publication containing the provision for such service and the charge, if any, for it; or~~
- ~~(3) by including in the tariff which contains the rates on which charges are based, a clause providing that shipments made under the rates contained therein are entitled to the following services (naming specifically the services which will be permitted in connection with such rates) and that shipments are subject to the charges for such services, if any, of participating carriers performing the services "as shown in tariffs lawfully on file with the Public Service Commission of Indiana."~~

~~(c) Intermediate drayage or transfer. (1) Joint through rates from points on the line of one carrier to points on the line of another carrier include drayage or other transfer services at intermediate transfer points, and no part of such charges may be added to the joint rates on shipments handled through and not stopped for special service at such intermediate transfer points.~~

~~(2) All tariffs containing joint rates shall contain the following provision:~~

~~The joint rates published herein include all charges for drayage or other transfer services at intermediate transfer points on shipments handled through and not stopped for special services at such intermediate transfer points.~~

~~(d) Pick-up and delivery service. (1) (b) All tariffs containing rates for the transportation of property~~ **household goods** ~~shall specify whether such the rates do or do not include pick-up and delivery service at all points within the limits of the cities, towns, or villages from, to, or between which the rates apply.~~

~~(2) (c) If pick-up and delivery service will also be performed also in an area beyond or outside the limits of the cities, towns, or villages, from, to or between which the rates apply, such an area, the area shall be described in the tariffs.~~

[45 IAC 16-3-14](#) Distance or mileage rates

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 14. DISTANCE RATES. ~~(a) Distance rates may be used when no other rates provided. (1) A carrier or an agent acting for a carrier or carriers, may file tariffs containing distance or mileage class or commodity rates, or both,~~ **subject to the following conditions:**

(1) Except as otherwise provided in these rules, elsewhere in this article:

(A) distance or mileage class rates may be used only when no through class rates (other than distance class rates) are published to apply from and to the same points over the same route; and

(B) distance or mileage commodity rates may be used only when no through commodity rates (other than distance commodity rates) are published to apply from and to the same points over the same route. ~~Except~~

~~as otherwise provided in these rules, distance or mileage commodity.~~ **These** rates will apply even though through class rates are published to apply from and to the same points over the same route.

- (2) Tariffs containing distance or mileage rates shall clearly and definitely show the application of the rates. Distance tariffs of regular route carriers shall contain an alphabetical list of points between which the rates apply and shall also show in proper arrangement the distances between such points, or shall make reference by P.S.C.I. number to a separate tariff, constructed in accordance with one of the plans set forth in paragraph (c) of this rule for such list of points and distances. Tariffs of irregular route carriers naming mileage rates may either contain a list of points served together with distances or may refer by **P.S.C.I. number Indiana ID number or USDOT number** to a distance guide or guides issued by such carriers or their duly authorized agents clearly and accurately indicating distances between all points served.

The carrier shall follow the notice and publication requirements in the department's instructions.

~~(b) Notation on distance class rate tariff. (1) Each tariff that contains only distance or mileage class rates must bear on its title page the following rule:~~

~~Distance or mileage class rates shown herein may be used only when no commodity rates or class rates (other than distance class rates) have been published to apply from and to the same points over the same route.~~

~~(2) Each tariff that contains only distance or mileage commodity rates must bear on its title page the following rule:~~

~~Distance or mileage commodity rates shown herein may be used only when no commodity rates (other than distance commodity rates) have been published to apply from and to the same points over the same route.~~

~~(3) Each tariff that contains only distance or mileage class and commodity rates must bear on its title page the following rule:~~

~~Distance or mileage class rates shown herein may be used only when no commodity rates or class rates (other than distance class rates) have been published to apply from and to the same points over the same route, and distance or mileage commodity rates shown herein may be used only when no commodity rates (other than distance commodity rates) have been published to apply from and to the same points over the same route.~~

~~(4) If distance or mileage rates without alternative application are published in a tariff which also contains rates other than distance rates, the notations for class, or commodity, or both class and commodity rates, as the case may be, prescribed by this section shall be shown immediately in connection with such distance or mileage rates.~~

~~(c) Local distance table must be filed. (1) Each regular route carrier that maintains local distance or mileage rates published in a tariff which does not contain a list of points between which such rates apply together with distance between such points shall publish, post, and file, individually or through an agent, a tariff containing a list of points served and the distances over its line between such points, arranged in one of the following four ways:~~

~~(i) Showing the distance from each point to each point.~~

~~(ii) Showing the distance from each point to each transfer point with another carrier or with a branch of the same carrier.~~

~~(iii) Showing the distance from each transfer point with another carrier or with a branch of its own line to each other such transfer point, and the distance from each local point to the nearest transfer point in each direction.~~

~~(iv) Until further notice, carriers may comply with this rule by including in each tariff naming distance rates a map, specially prepared and made an integral part of the tariff, indicating clearly and accurately the distances between all points between which rates are published. Instead of including separate maps in rate tariffs, reference may be made in the rate tariff to a separate distance guide constructed on the principle of maps, or combination of tables and maps, definitely and clearly indicating distance between the points covered by the rate tariff making reference thereto. All carriers parties to rate tariffs making reference to separate distance guides must be parties also to the distance guide referred to in the rate tariff.~~

~~(2) Each of such tariffs shall clearly indicate the transfer points at which the carrier interchanges traffic and shall name the connecting carrier with which transfer is made at each such transfer point.~~

~~(d) Joint distance or mileage tables. (1) Carriers, operating over regular or irregular routes, that participate in joint distance or mileage rates must either~~

~~(i) publish in the tariff containing such joint distance or mileage rates or in a separate duly authorized~~

publication an alphabetical list of all points between which such distance or mileage rates apply and the distances from each of such points to every other point, indicating in an appropriate manner which of such points are transfer points at which it is possible to interchange traffic and naming the connecting carriers at each such transfer point with which such transfer is possible; or

(ii) file through an agent, duly authorized, a separate joint publication which shall contain an alphabetical list of all the transfer points on their respective lines at which it is possible to interchange traffic in the area embraced by the application of such joint distance or mileage rates, together with the names of the connecting carriers at each transfer point with which transfer is possible, and the distance from each such transfer point to each other transfer point; and they shall, in the tariffs containing such joint distance or mileage rates, give reference by P.S.C.I. number to such separate joint publication. The latter shall also contain the distance from each local station to the nearest transfer point in each direction over the line of the same carrier, or the tariff containing the joint distance or mileage rates shall refer by P.S.C.I. number to the tariff or tariffs of each carrier containing the distances between points on its line and such junction points.

(2) Until further notice, a method of publication of distances similar to that authorized in paragraph (c)(1)(iv) of this rule may be used instead of the methods of publication specified in paragraph (1) (i) and (ii) of this paragraph.

NOTE: It is not intended by the two preceding paragraph to require carriers to have a separate publication for each rate tariff containing joint distances or mileage rates but all the distances over which joint rates in which such carrier participates may be included in one publication.

SECTION 43. [45 IAC 16-3-15](#) IS AMENDED TO READ AS FOLLOWS:

[45 IAC 16-3-15](#) Tariffs containing classifications, exceptions, and rules

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

Sec. 15. CLASSIFICATION, EXCEPTIONS, AND RULES-TARIFFS. (a) Classification. A tariff may be filed containing a classification of the articles or commodities upon which the rates named in other tariffs making reference thereto **that make reference to the articles or commodities** will apply. The various articles or commodities shall be listed in the classification in an orderly manner and a rating indicating the class rate to be applied shall be shown in connection with each item or items containing a description of the articles. Such a tariff shall contain an alphabetically arranged index of all of the articles or commodities so listed. It is not permissible to state that the rating or rate on any article will be that applying upon another article. For example: The classification may not state that "Fire clay, crude or ground," will take "Fire brick rates." If it is intended that fire clay take the same rating as is designated for fire brick, the same rating shall be shown in connection with the item listing fire clay. **in accordance with the department's instructions.**

(b) Rule in classification. (1) Each classification shall contain the following rule: The establishment of a commodity rate removes the application of the class rate on the same article between the same points over the same route, except when and insofar as alternative use of class and commodity rates is specifically provided in the tariff containing such commodity rates.

(2) In applying the rule in subparagraph (1) of this paragraph, a local commodity rate will take precedence, on traffic originating or destined beyond, over a proportional class rate between the same points over the same route whether higher or lower.

(c) Rules. Rules which have a general application in a classification territory, or throughout the state, may be published in a classification tariff. Such rules must precede the list of articles shown in the classification and must be consecutively numbered and separately indexed.

(d) Exceptions to classification. (1) **(b)** A separate tariff may be filed containing exceptions to the classification for application in connection with tariffs or rates making reference thereto. **to it as follows:**

(1) Each classification exceptions tariff shall contain the rule ~~above~~ provided for a classification tariff. Exceptions published therein must not be restricted to a small number of points in order to avoid the publication of commodity rates between such points. One (1) rate tariff may be governed for account of any one (1) carrier by not more than one (1) tariff of exceptions to each classification governing the tariff, published either individually or by an agent. A tariff of exceptions may not contain any matter which is not in fact an exception to a rule, rating, or other condition published in a classification, ~~except as provided in paragraph (e) of this rule~~, nor will it be permissible to state that the rating or rate on any article will be that applying to another article. ~~When tariffs naming joint rates make reference to separate publications containing exceptions to the classification, the tariffs of exceptions must be concurred in by all of the carriers participating in the joint rates.~~

(2) Different classification ratings on the same article or articles, based on different minimum quantities may be published in an exceptions tariff provided the lowest charge resulting from any such rating applied in connection with its published minimum (or actual quantity shipped, if greater) is made applicable by publishing such ratings in the same item and by providing in connection with such item a rule to the effect that the lowest charge obtainable under the different rating a minima applicable thereto (or actual quantities if greater) will be applied.

(3) Tariffs containing exceptions to the classification may not provide for the alternation of such exceptions with the classification proper.

~~(e) To be arranged same as classification. (1) The matter in a tariff of exceptions shall be arranged in the same order as in the classification and separate and complete alphabetical indexes of the rules and of the articles listed therein shall be shown.~~

~~Each general rule published in the exceptions to the classification shall be given a number and shall refer to the rule in the classification to which it is an exception. The following notation shall be shown on the title page of each tariff of exceptions: Applicable only in connection with tariffs making reference to the P.S.C.I. number hereof.~~

~~(2) When desired, rules and regulations covered by Rule 3(h) may be included in the same publication with classification exceptions. In such cases, the classification exceptions tariff will be counted in applying the provisions of paragraph (f) of this rule. Lists of commodities authorized in Rule 4(e) may also be included with classification exceptions, in which case carriers may not have other tariffs publishing commodity lists exclusively. Where classification exceptions are published in the same tariff with rules, or commodity lists, the publication should be divided into sections, the first containing the classification exceptions, the second containing the rules and similar provisions, and the third containing the lists of articles. Such a publication shall contain a complete index.~~

~~(f) Rules may be published in separate tariffs. (1) (c) Rules and similar provisions may be separately published in tariffs filed by an individual carrier or by an agent if it is the carrier does not want to desirable or if it is not practicable to include the governing rules and similar provisions in the rate tariff. such rules and similar provisions may be separately published in tariffs filed by an individual carrier or by an agent. Except as noted below, any carrier may not apply more than two such rules tariffs, one of which shall be published by such carrier itself, and the other by an agent. The following tariffs will not be counted in applying the provisions of this paragraph. Tariffs containing exclusively rules and charges applying to the special services covered by Rule 11; classification and classification exceptions tariffs authorized by paragraphs (a) and (d) of this rule; rate basis books authorized by Rule 14; and tariffs containing rules and regulations governing the transportation of explosives and other dangerous articles.~~

~~(2) When rules or regulations are thus separately published, rate tariffs may be made subject thereto only by specific P.S.C.I. reference in the rate tariff. This reference should be made in substantially the following form:~~

~~Governed, except as otherwise provided herein, by rules (or regulations) shown in P.S.C.I. No. _____ supplements thereto or successive issues thereof. (When issued by an agent, add "Issued by _____, Agent.")~~

~~(g) Explosives regulations. (d) Tariffs which that name rates for the transportation of explosives, inflammable or corrosive materials, or other dangerous articles shall as required by Rule 3(h), contain the hazardous materials regulations promulgated by the United States Department of Transportation governing the transportation of such those articles or give reference to a separate publication filed with this Commission the department by the carrier or by an agent containing such those regulations. When the latter method is adopted, the tariff to which reference is made shall contain nothing except the regulations promulgated by the United States Department of Transportation for handling such those articles and necessary provisions for the application of such those~~

~~(h) Participation in governing publications.~~ **(e)** All carriers **that are** parties to tariffs making reference to separate publications for classification ratings, exceptions, ~~thereto,~~ rules, or other provisions affecting the rates or the services rendered ~~except such carriers as indicated by restrictions published in the tariffs making reference to such separate publications that they will not apply the provisions therein,~~ shall also be participating carriers in such separate governing publications; **however, this requirement does not apply to carriers as indicated by restrictions published in the tariffs making reference to separate publications that state that they will not apply the provision therein.** This section does not require participation in local drayage tariffs or tariffs containing other provisions ~~which that~~ are local to the lines publishing such tariffs.

Authority: [IC 8-2.1-22-3](#)

Affected: [IC 8-2.1-22](#)

~~Sec. 16. RATE BASIS BOOKS. (a) Rate basis books. (1) Separate tariffs may be published, filed, and posted showing the rate groups or rate bases to be used in determining rates between points named therein. When such a separate publication is issued, reference shall be made in the rate tariff to the P.S.C.I. number of such separate publication in substantially the form prescribed in Rule 3(f).~~ **within the tariffs, as prescribed by the department's instructions.** All carriers' parties to the rates governed by the rate basis book shall be shown as participating carriers both in the rate tariff and in the separate publication.

~~(2) (b) No rate may be governed by more than two (2) such separate publications, one (1) for points of origin and one (1) for points of destination. A rate tariff may not refer to another rate tariff for list of points assigned rate groups or rate bases.~~

~~(b) Order of arrangement. Rate basis books must conform to the following requirements. Such a publication shall not contain rules for application of bases or rates at intermediate points. The name of the carrier serving each point shall be shown, and the points in such publication shall be arranged in alphabetical order, or such publication shall contain an index as provided in Rule 3 (d). The rate group or rate bases, or arbitraries or differentials to be added to or deducted from the group or base rates, shall be shown immediately in connection with the name of each point, except that reference may there be made to an item showing such information. Exceptions to the rate group or rate bases should not be made in rate basis books unless such exceptions apply to or from a considerable number of points or on a considerable number of commodities. When arbitraries or differentials which are to be added to or deducted from the base or group rates are governed by classification provisions, other than those governing the base or group rate, reference to such other classification provisions shall be made immediately in connection with arbitraries or differentials.~~

~~(c) Rules governing rates. All the rules and other provisions governing the application of rates determined by the use of a rate tariff and rate basis books shall be published in the rate tariff or made a part thereof by reference as provided in Rule 3(h) and Rule 13(f).~~

~~(d) Carrier's operating rights. A separate section in a rate basis book or a separate tariff similarly constructed, published, and filed, may include information describing the operating rights of the carriers parties thereto as set forth in the carriers' certificates.~~
